Dragoljub Randelović

Web Developer

Serbia

Summary

Greetings,

I'm Drago - a web developer with more than thirteen years of hands-on experience in the IT industry. I have honed my skills and expertise across various domains. My journey in web development has led me to master the latest technologies, programming languages, and design trends. Whether it's creating responsive websites, developing e-commerce platforms, or building custom web applications, I have a proven track record of delivering projects on time and within budget.

Key Strengths:

- **Self-motivated:** I'm not just an IT consultant and web developer; I'm also a self-motivated problem solver. They thrive on challenges and are driven to find innovative solutions to complex technical issues.
- **Adaptability:** In the ever-evolving world of technology, I keep up with the latest trends and emerging technologies. My ability to adapt and incorporate new tools and techniques ensures your projects are always at the cutting edge.
- **Attention to Detail:** I understand that the smallest details can make the biggest difference. They meticulously review every line of code and design element to ensure a flawless end product.
- **Client-Centric Approach:** I believe in building strong client relationships. I actively listen to your needs, provide expert guidance, and ensure your vision becomes a reality.

Technical Expertise:

- **Programming Languages:** PHP, HTML, CSS, JavaScript
- **Frameworks:** Laravel, TailwindCSS, Bootstrap, Vue.js, Babylon.js
- **Database Management:** MySQL, PostgreSQL
- **Web Development Tools:** Visual Studio Code, Git, GitHub
